JA in a Day Partners

We are very fortunate to have fostered partnerships over the years with several local companies who understand and support the importance of placing volunteers in the classroom. During the 2021-22 school year:

- Lippert filled 38 classrooms with team members during two separate JA in a Days
- Gibson placed two volunteers per classroom in every class at Marquette Montessori Academy with a total of 22 employees volunteering that day
- Laidig Systems, Inc. funded the JA in a Day at Madison Elementary and also provided several classroom volunteers
- We have partnered with the Greater South Bend-Mishawaka Association of Realtors for JA in a Days for more than seven years
- Leadership South Bend/Mishawaka came on as a new JA in a Day partner this year

Thank you!
